

Item no.: 7600012  
RRP: 999,00 €

## The fusion of aluminium, wood and glass

- Stylish, modern finish
- First-class workmanship
- High quality components
- Durable aluminium construction
- Powder coating anthracite fine structure
- Infill with black forest white fir-wood
- Safety glass (VSG)
- Integrated drainage

### Technical data

#### Execution/Materials

Support frame	Aluminum EN AW 6063 T66
Wood	Black forest white fir 75 x 20 mm (6 transverse and 2 longitudinal braces)
Surface frame	Powder-coated DB 703 FS
Cover plate	Roof safety glass (VSG) 8 mm
Load capacity	Snow load zone 2a (86.6 kg/m <sup>2</sup> )
Drainage	Water spout right or left mountable

#### Dimensions and weights

Depth of roof/side section	85 cm
Roof width	145 cm
Thickness of roof/side section	12.5 cm
Weight approx.	45 kg
Roof area	1.23 m <sup>2</sup>
Delivery information	Delivery by forwarding agent
Included in delivery	Fixing set for solid masonry
